

Prevention Guide 2024

June 2024

Dear Panther Families,

As this year comes to a close, we want to thank you all for your dedication and hard work, as well as your continued support with your child’s spiritual and academic growth. In order to keep students from experiencing the “summer slide” we have prepared a list of resources to keep your child engaged in the process of learning over the summer break. Continuing to read and apply skills learned throughout the school year over the summer is crucial for success in their upcoming school year. We encourage you to assist your child to set and reach learning goals during this time.
